Easiest PWC to Own and Enjoy

**WaveRunner**

Yamaha Watercraft Group have announced that Yamaha WaveRunners have the lowest required 2 year maintenance among the major personal watercraft brands, making Yamaha the easiest and least expensive personal watercraft to own.

This also makes Yamaha WaveRunners the top choice for reliability according to a survey of personal watercraft owners conducted by research firm MacKenzie Corporation. "We are committed to making products that are the easiest to own with the lowest required maintenance and highest standards of quality so that our customers can spend more time on the water enjoying these products," said Scott Watkins, Product Manager for Yamaha's Watercraft Group.

With a **\$1000 cash back** promotion on all 2009 models, Yamaha WaveRunners are at their most affordable price ever. Come and check out what's on offer in store now!

We would like to welcome Paul Jensen to our Sales department in the role of Operations Manager. Also we have two new additions to our service department, Tegan Bryan as Service Receptionist and Bryce Neal out in the workshop.

In & Outboard Marine bids farewell to Neil Bingham. Last month Neil finished up after 4 years working in our Spare Parts and Accessories department. We wish you all the best for the future!

## F70A

### 4 stroke

*NOTHING ELSE ADDS UP! Strength in numbers...Yamaha new F70 boasts incredible power and Yamahas legendary reliability ...but its real strength lies in the numbers – the F70A is the most power efficient (70hp/l) and lightest (120kg) in its class. Ask our friendly Sales team for details.*
